Dear [Parent Name],

Option 1:

This letter is in response to the attendance of [pupil name], who has missed [20 classes this term] [20 percent of instructional days this term], which meets the Manitoba Education and Early Childhood Learning definition of 'severe chronic absenteeism'. Please note the provisions of the Public School Act, and the responsibility of parents to send children to school.

Unfortunately, the plan that was previously established has not yielded the positive attendance we expected. We have been unable to reach you by phone or email and would like to meet with you again to review the plan that responds to the challenges your child faces in attending school.

Please contact me as soon as possible to arrange a time to meet so we can support [pupil name] in attending regularly.

Option 2:

This letter is to summarize the meeting that was held on [date] in response to the attendance of [pupil name], who has missed [20 classes this term] [20 percent of instructional days this term]. This number of absences meets the Manitoba Education and Early Childhood Learning definition of 'severe chronic absenteeism'. Our plan moving forward includes [insert plan].

Thank you for supporting this plan for regular attendance for [pupil name].

Respectfully,

[Principal Name]

Principal, [School Name]
