

Self-Assessment: Teacher  
Administrative Procedure 2.C.90F

Year:			
Teacher:			
School		Assignment:	

See **2.C.90E: Framework for Professional Practice** for more detail.

**(U)Unsatisfactory:** The teacher does not yet appear to understand the concepts underlying the component. Working on the fundamental practices associated with the elements will enable the teacher to grow and develop in this area.

**(B)Basic:** The teacher appears to understand the concepts underlying the component and attempts to implement its elements. But implementation is sporadic, intermittent, or otherwise not entirely successful. Additional reading, discussion, visiting classrooms of other teachers and experience (particularly supported by a mentor) will enable the teacher to become proficient in this area. For supervision and evaluation, this level is minimally competent- improvement is likely with experience.

**(P)Proficient:** The teacher clearly understands the concepts underlying the component and implements it well. Most experienced, capable teachers will regard themselves and be regarded by others as performing at this level.

**(D)Distinguished:** Teachers at this level are master teachers and make a contribution to the field, both in and outside of the school. They operate at a qualitatively different level, and are highly motivated and engaged, assuming considerable responsibility for their own learning.
